Wednesday, October 19, 2022

Dear Resident of the Villages at Parkside:

Thank you so much to all residents who attended the resident engagement event this past Saturday, October 15. Ten residents and one non-resident attended. As we've shared, DHC will soon release a Request for Qualifications (RFQ) to identify a private-sector team to redevelop Parkside. We held this event to give residents an opportunity to help us identify important qualities or commitments they want from a developer. Results from the community engagement activities will be appended to the RFQ, which will be available in the community center upon its release.

Please remember that **absentee voting for resident representatives is open until this Friday, October 21, 2022 at 3:00pm**. Four resident representatives will be chosen to serve on a review committee which will help DHC select a developer. If you spoil your ballot, please clearly indicate the mistake, and clearly indicate the candidate for whom you would like to cast your vote. Each household has received one ballot. **Please vote for only one candidate.**

**All residents are invited to the community center at 3:00pm this Friday, October 21 to watch a DHC representative count the ballots.** We look forward to seeing you there.

Sandra Henriquez
